

ALASKA

Aviation System Plan

1. What is the Alaska Aviation System Plan?

The Alaska Aviation System Plan (AASP) is a statewide look at Alaska's system of airports. It will:

- Identify airport improvements needed
- Set priorities for funding
- Propose aviation policy
- Document the existing system with photos, maps, and data

2. What is Included in the AASP?

Typical Elements	Policy Issues/Work Groups	Special Studies
<ul style="list-style-type: none">• Airport Inventory & Forecasts	<ul style="list-style-type: none">• Postal Hubs	<ul style="list-style-type: none">• Economic Impacts
<ul style="list-style-type: none">• Airport Needs & Improvements	<ul style="list-style-type: none">• Maintenance & Operations	<ul style="list-style-type: none">• Role of Statewide Aviation
<ul style="list-style-type: none">• Financial Plan	<ul style="list-style-type: none">• Funding	<ul style="list-style-type: none">• FAA Programs/Nav aids
<ul style="list-style-type: none">• Public Involvement	<ul style="list-style-type: none">• Classifications & Performance Measures	<ul style="list-style-type: none">• To Be Determined

3. How Can I Find Out More?

Check out the project web site at AlaskaASP.com

- Learn more about the project
- Check out the airport mapping
- Review work completed so far
- Submit your comments on the AASP

4. Who Can I Talk To?
