

2025 Public Involvement Summary

Newsletters

- Western Alaska Airports Resiliency Study Update
- Will it or Won't It? Preparing for a Possible Mount Spurr Eruption
- Navigating New Frontiers: National Aviation Convention Held in Anchorage
- DOT&PF West Coast Alaska Storm Response

Events

- Alaska Air Carrier Association (AACA) Conference
- Valdez Fly-In
- Fairbanks Aviation Day
- Kenai Fly-In
- National Association of State Aviation Officials (NASAO) Convention

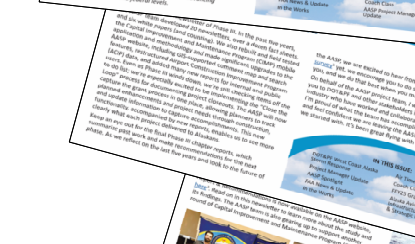

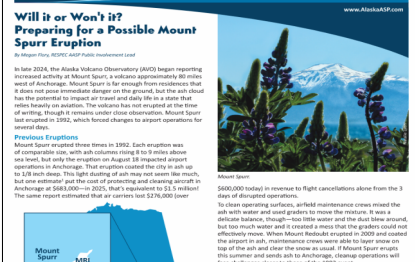

Members of the AASP Team, including DOT&PF Staff and B2GNow at the NASAO Convention

Becca Douglas, DOT&PF & Edgar Tinajero, RESPEC presenting at the AACA Conference

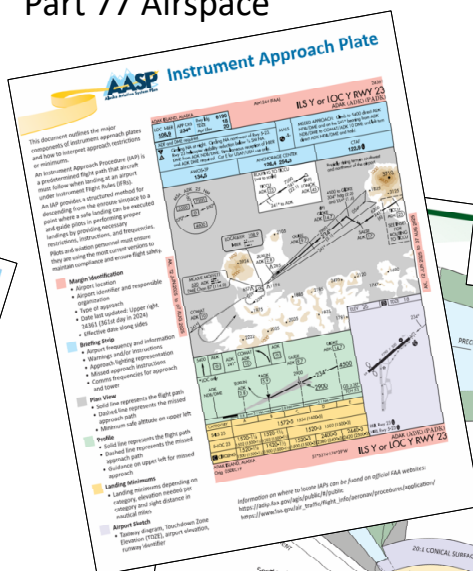

Elzbeth Robson, DOT&PF & Megan Flory, RESPEC At Valdez Fly-In

Fact Sheets

- Airport Layout Plans
- Airport Resiliency In Alaska
- Instrument Approach Plates
- Wind Roses In Airport Planning
- Part 77 Airspace

Dist	Notes	Dimensional Standards (Feet)					
		Visual Runway	Non-Precision Runway	Category I Runway	Category II Runway	Category III Runway	Obstacle Clearance
1	Width of primary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
2	Width of secondary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
3	Width of tertiary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
4	Width of quaternary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
5	Width of quinary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
6	Width of quaternary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
7	Width of quinary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
8	Width of quaternary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
9	Width of quinary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
10	Width of quaternary surface and approach surface width in feet and feet per foot	250	300	500	1,000	1,000	1,000
